3	Review Mass Building Code requirements to understand impact of going from a church (A4) to a library (A3).	1/16/2013	Moritz	2/27/2013	Review in Future	6/6: Moritz has gathered information regarding what we believe is needed to bring the new library building into compliance with Mass Building Code. The information will be kept for future review after the architect is brought on board.		 2/27: Moritz reported that he is still investigating this and will bring a comprehensive update to the March 13 meeting. 3/20: Moritz provided an update on the need for a sprinkler system and a 2000 gallon septic system. Moritz will try to get copies of the septic system plans and the well water specifications from the Board of Health. 6/26: Kevin Rudden picked up the septic plans and provided them to Don for future reference.
56	Contact Tim Watson to find out what type of water testing will be needed at the new site, what the expected cost will be and when it can be performed.	10/8/2013	Mary	10/30/2013	Processing	the architectural firm on board so we can get their engineers involved. 11/25: Mary spoke with David Eisen of Abacus about getting their engineers involved with this as soon as possible. 12/11: Abacus/Situ will begin to investigate whether the new library needs a public water supply. 1/9/14 - Abacus is working on this with their civil engineer; we should expect an update at our next meeting with Abacus.		
65	Ask Building Inspector if a variance will be needed for the new library building for lack of distance to center of street .	11/20/2013	Kevin	12/11/2013	Processing	12/11: Kevin spoke with Tim Aicardi who doesn't think that a variance is needed but needs to investigate further to be certain. Pre-existing buildings do not need the variance, but the change of use may change this. Kevin will follow up with Tim on this and update the Committee at the next meeting. 1/9: Kevin spoke to both Mendon's Building Commissioner, Tim Aicardi, and Milford's (John Erickson, whom Tim works for part-time) regarding the question of whether a zoning variance or special permit is needed in order to convert the former St. Michael's Church building into a new town-owned library building. Aicardi and Erickson reviewed Mendon's zoning by-laws together and told Kevin that a variance/special permit is not needed.		
67		12/11/2013	Susan	12/20/2013	Processing	1/9: Green Communities activity is on-going. We are waiting to see if the state will allow the addition of the library building to the town's list of eligible properties for the Greeen Community program. We should know mid-January what their decision is.		
	Ask Fred Lapham of Shea Engineering if a site survey has been done at the location

Boy Scout will clear snow if less than 3 inches.	1/30/2013	2/13: Kevin will get name of scout responsible to Andrew so he can coordinate.
	Find out what it will take to get natural gas to the church property.	1/23/2013				5/23: Paul updated the group that NSTAR has completed the survey and the estimate to bring the gas main/service to the new Mendon library at 29 North Avenue would cost -\$52K. This information will be kept on record for review after we have the architect on board.		 1/30: Clough was hooked up at no cost to the town. Paul spoke with Marjorie McDonald from NStar and she is evaluating what it will take now. 2/13 update: M. McDonald called Paul earlier today and left a msg. Paul will return the call. 2/27: Paul brought non-binding applications to inquire about cost for a main line and a hookup to the new library. Joe/Don will take these to the BOS for review. 3/20: Don and Joe took the request to the BOS for signature and Joe forwarded the signed forms to NStar. Now awaiting a response. 3/27: Still awaiting a response from NStar. 4/10: NStar is working on the quote; we should hear back soon.

6	Test Fire Alarm System once phone is set up at the church. 5/13: What will monitoring cost? (Paul) 5/13: What do the schools pay for their service? (Don) 5/13: What does the town pay for monitoring service for other buildings? (Kevin)	1/20/2012	Paul	2/27/2013	Closed	3/27: Mike Ammendolia informed the committee that we can hook directly to Mendon Dispatch. Paul contacted Lawney Tinio to make this happen, and has since met with Custom Alarm. Stil have many questions to answer. 5/23: Paul updated the group that he had been in contact with the Mendon Fire Deparment and Custom Alarms and that it would cost ~\$400/year to add monitoring to the existing alarm system. The group will not act on this at this time. Joe was in contact with the insurance company and while it is better to have the monitoring in place, having the alarm sound with no monitoring is bettet than nothing. 5/30: Don updated the group that he got in touch with Jay Byer and the cost for the schools to monitor their buildings is \$650/year each. Jay also informed Don that the two schools in Upton are connected directly to Upton Dispatch, so no monitoring fee is required. He said that Mendon has a grant to upgrade its dispatch center after which time the schools might be able to dial in directly. Jay will update Don when he learns more.	5/23/2013	b) In the number where the open to quere the data is go to a time pany monitoring company. Paul will check to see what it would take to make this a direct line to the Mendon Dispatch Center. 2/27: Group agreed to take this issue to the BOS to see if a direct connection to Mendon Dispatch is possible. 3/20: Don and Joe asked the BOS if they could find out if the new library could tie directly into Mendon Dispatch. The committee is awaiting an answer. 4/10: Paul has been in contact with Lawney Tinio and Lawney believes that the fire alarm system in the former rectory can be added to the existing service currently used for the Town Hall. Paul will set up an appointment to get the system set up and tested during the next week. 5/13: Paul met with Custom Alarms and is working out a possible solution. Many questions need to be answered, can the panel be reprogrammed? Do we need a second phone line? What type of monitoring does our insurance require? How much will monitoring cost?

Joe suggested a payment schedule for the OPM of 25% when we get the architect, 25% after the drawings were received, and 50% during the construction work phase. Dan suggested even less up front, and Joe stated we may just have a flat monthly payment plan over the course of the project. Nothing was agreed yet, but Susan stated that she has enough information for Linda to get the funding started. 5/13: Joe created a timeline for funding needed. Susan will provide this to Linda Hawkes.

It needs to be moved to the old Fire Station for storage. 5/30: Joe, Moritz and Paul will put some shelving together on June 5th at the future home of the library. It is believed that the shelving is too heavy to have the boy scouts unload it, so the group will discuss what to do after Joe, Moritz and Paul experiment with moving some of the shelving. 6/18: There has been no update as to when the shelving needs to be loaded into the old Fire Station. 7/31: Shelving needs to be removed from the trailers. Paul will work with Moritz to determine if the shelving is useful to the project (see item #34 below). Pending outcome of that action, decision will be made whether to store shelving in the garage behind the old rectory at the project site or recommend that the material be scrapped. 8/14: Moritz was unable to obtain documentation for assembling the shelving, and the Super from the project is no longer at Consigli. Paul, soe and wontz theu to put the sherving togetter but there are many pieces, including buckets of bolts and nuts. They were not able to figure out how to assemble the shelves. Moritz will be checking with Consigli and U Mass Dartmouth to try to find someone who knows how to put the shelving together. He will also try to identify the manufacturer to try to get assembly instructions. If we are unable to determine how to assemble the shelving, we will recommend to Selectman Tinio that we are not interested in using the material. The group hopes to decide on this by the next meeting on August 14th. 8/14: Moritz was unable to obtain documentation for assembling the shelving, and the Super from the project is no longer at Consigli. Given the current condition of the materials, the Committee will recommend to Lawney Tlnio that he try to sell the material to recoup his costs for storage.	8/14/2013	6/6: Joe, Paul and Moritz took some pieces to 29 North Avenue on June 5th to put them together and understand how much will be needed and where it can be used. Unfortunately, they didn't have all the right pieces, so they will meet again on June 11th at 6:30pm at Morrison Drive to get more shelving pieces and to do more work. 6/18: The group got rained out on June 11th.
