The information will be kept for future review after the architect is brought on board. 2/20/14: Abacus informed the Committee that the church was the same code as the library (A3), so this is no longer a concern.	2/20/2014	2/27: Moritz reported that he is still investigating this and will bring a comprehensive update to the March 13 meeting. 3/20: Moritz provided an update on the need for a sprinkler system and a 2000 gallon septic system. Moritz will try to get copies of the septic system plans and the well water specifications from the Board of Health. 6/26: Kevin Rudden picked up the septic plans and provided them to Don for future reference.

This information will be kept on record for review after we have the architect on board.		1/30: Clough was hooked up at no cost to the town. Paul spoke with Marjorie McDonald from NStar and she is evaluating what it will take now. 2/13 update: M. McDonald called Paul earlier today and left a msg. Paul will return the call. 2/27: Paul brought non-binding applications to inquire about cost for a main line and a hookup to the new library. Joe/Don will take these to the BOS for review. 3/20: Don and Joe took the request to the BOS for signature and Joe forwarded the signed forms to NStar. Paul contacted Lawney Tinio to make this happen, and has since met with Custom Alarm. Stil have many questions to answer. 5/23: Paul updated the group that he had been in contact with the Mendon Fire Deparment and Custom Alarms and that it would cost ~\$400/year to add monitoring to the existing alarm system. The group will not act on this at this time. Joe was in contact with the insurance company and while it is better to have the monitoring in place, having the alarm sound with no monitoring is bettet than nothing. 5/30: Don updated the group that he got in touch with Jay Byer and the cost for the schools to monitor their buildings is \$650/year each. Jay also informed Don that the two schools in Upton are connected directly to Upton Dispatch, so no monitoring fee is required. He said that Mendon has a grant to upgrade its dispatch center after which time the schools might be able to dial in directly. Jay will update Don when he learns more.		monitoring company. Paul will check to see what it would take to make this a direct line to the Mendon Dispatch Center. 2/27: Group agreed to take this issue to the BOS to see if a direct connection to Mendon Dispatch is possible. 3/20: Don and Joe asked the BOS if they could find out if the new library could tie directly into Mendon Dispatch. The committee is awaiting an answer. 4/10: Paul has been in contact with Lawney Tinio and Lawney believes that the fire alarm system in the former rectory can be added to the existing service currently used for the Town Hall. Paul will set up an appointment to get the system set up and tested during the next week. 5/13: Paul met with Custom Alarms and is working out a possible solution. Many questions need to be answered, can the panel be reprogrammed? Do we need a second phone line? What type of monitoring does our insurance require? How much will monitoring cost? Where will the funds come from?

Joe suggested a payment schedule for the OPM of 25% when we get the architect, 25% after the drawings were received, and 50% during the construction work phase. Dan suggested even less up front, and Joe stated we may just have a flat monthly payment plan over the course of the project. It needs to be moved to the old Fire Station for storage. 5/30: Joe, Moritz and Paul will put some shelving together on June 5th at the future home of the library. It is believed that the shelving is too heavy to have the boy scouts unload it, so the group will discuss what to do after Joe, Moritz and Paul experiment with moving some of the shelving. 6/18: There has been no update as to when the shelving needs to be loaded into the old Fire Station. 7/31: Shelving needs to be removed from the trailers. Paul will work with Moritz to determine if the shelving is useful to the project (see item #34 below). Pending outcome of that action, decision will be made whether to store shelving in the garage behind the old rectory at the project site or recommend that the material be scrapped. 8/14: Moritz was unable to obtain documentation for assembling the shelving, and the Super from the project is no longer at Consigli. Given the current condition of the materials, the Committee will recommend to Lawney Tinio that he try to sell the material to recoup his costs for storage.
