*Be Strong. Be Smart. Be Amazing!*

Girl Power was specifically designed to get girls ages 7 to 14 excited about being strong, self-confident, independent and healthy. Erin saw a need for this important and relevant program and created unique books & programs that give girls the tools they need to make good decisions in our ever demanding society. Erin combines life skills, fitness, positive thinking, creativity and fun into her program which reinforces her message that all girls have the power to be amazing!
